## WORK EXPERIENCES

---

### **Credimi S.p.A.**

July 2022 - present

*Frontend Software Engineer*

- Member of the external frontend team, in charge of developing and maintain company's website and his products;
- Implemented Credimi's new customer loan request flow;
- Managed cookie compliance policy and cookie integration for landing pages;
- Worked on integrating Iubenda cookies in Hubspot to better manage users cookies for marketing and analytics purposes;
- Worked on making maintainable and reusable web components in the web page restyling process;
- Developed Credimi's new product page, respecting accessibility guidelines.

### **Aleapro S.n.c.**

July 2019 – June 2022

*Mobile Developer*

- Native (Android) & hybrid (Flutter) mobile development;
- Analyzed, designed and developed new systems and applications;
- External partners support after app deployment and external co-workers coordination;
- Successfully implemented complex UI design requests such as charts, rotating elements and animations;
- Implemented social logins (Google, Facebook) and fingerprint authentication;
- App theme dynamic changes (based on weather and season of the year) with light/dark mode feature;
- Android GPS locator and native bridges in C++ to collect data from IoT devices;
- Integration and customization of providers products like PDF editing library and indoor navigation system;
- Custom qr code scanner;
- Successfully identified, diagnosed, and fixed bugs and performance issues;
- Firebase most common services integration with Analytics to track in-app user experience.

### **Fit Engineering S.r.l.**

March 2019 – May 2019

*R&D Team, Intern*

- Member of a team in charge of implementing an IoT communication system with a CNC machine to simplify reading of data flow.
- Studied CNC syntax and programmed CNC files;
- Developed a Windows dashboard in C showing live inputs and outputs of the machine.

### **Spider4Web S.r.l.**

May 2018 – July 2018

*Frontend Team, Intern*

- Senior developers support in developing minor features.
